About Amanda

Since the age of 16, Amanda has known she wanted to become a CPA. Now she holds a Master's Degree in Taxation from the University of Denver and has been named one of the Top 50 Women in Accounting. Prior to joining the Padgett team, Amanda ran Aguillard Accounting LLC and is the founder of Accounting Salon, a thinktank of cloud accounting experts, and its virtual offshoot, SALONv.

Previous Speaking Engagements:

- AICPA Engage
- State CPA societies, including FICPA, TXCPA, COCPA
- Xerocon
- Clio Cloud Conference

Publications:

Xero: A Comprehensive Guide for Accountants and Bookkeepers workflows and leverage this cloud-based accounting platform.

SPEAKER TOPICS

Cloud 2.0: The Evolution of the Cloud in Accounting
Accounting firms are currently facing a “perfect storm” of innovations in cloud technology. The second phase of cloud accounting offers opportunities for practices in the way of efficiency, automation and talent acquisition. Amanda will share her expertise on the spectrum of cloud accounting technology.

The Remote Leader: Empowering Employees No Matter Where They Work
Leadership doesn't stop at the office door. In today's dynamic environment, more firms are finding the best talent outside their neighborhoods. How do you keep your firm's culture intact miles away? As a leader of her own cloud-based firm, Amanda will share her experience as she talks best practices for leading long distance.

Deepening Client Relationships Through Technology
Technology does more than increase efficiency; it facilitates conversation, on both a global and interpersonal scale. more people are staying in touch and building relationships through digital channels, especially in the wake of the COVID-19 pandemic. Amanda will share her advice for using technological tools to build and strengthen client relationships.

“Amanda has a unique and incredibly informed voice within the accounting profession. If you want to better understand the cloud accounting ecosystem, there's no better person to go to.”

Kenji Kuramoto, CEO and Founder of Acuity
